"Uniform of a soldier and uniform of a student both are equally needed for the nation.."

- Amit Kalantri

Our first uniform catalogue 'BHARAT' was a grand success with god's grace and support of our prestige customers. One of our achievement was that we were able to cater to customers from all parts of the country in terms of our quality and designing.

Based on our regular customer interaction, we got a feedback to expand our design range.

In this catalogue we present dedicated checks collection, which will be called as "BHARAT BOOK - A Volume 2".

In this collection we have maintained our quality as per the standards required, using fine and exclusive double count yarns. We have played with multiple colour and weaves to suit all kinds of taste and choice.

For future plans, a catalogue with stripes collection is in the making, which will have a vast basket of designs & colours to choose from.

Research and development is a continuous process, we want to cater to more and more customers and serve them with innovative designs & high quality fabrics.

It is in our best interest to continue to use the latest resources to provide better service to our customers.

Originally, school uniforms were introduced to hide the social differences between students, but uniforms can also help with safety. Using standard uniforms can also save the money needed to buy extra clothes as fashion to impress other people at school. Uniforms are also thought to improve discipline and school spirit.
